

# CALL FOR ABSTRACTS

## Abstract Submission information

### Guidelines

Abstracts must be written:

- in English
- in Arial font and font size 10
- with a word-count of 250 or less (excluding the title and authors),
- without graphs or figures or tables (All data must be in narrative form),
- without references and abbreviations,
- in such a way that it fits in the space provided in the abstract form.

**Note that: Abstracts that do not comply with the above will not be accepted.**

### THE FORMAT

**Title:** The title should be short, precise and explain what the study or research project entails. It should not be more than 80 characters in length.

**Author(s):** The name of the presenting author must appear first and be underlined.

**Background:** This section should describe what is already known about the subject, what the gaps are and what the study intends to examine.

**Objective(s):** This should explain the main aim of the study or research project.

**Methods:** The methods should include study design, the subjects (size, gender ratio and race), setting (e.g. rural vs urban) and the data collection procedures and statistical tests used.

**Results:** Summary of the results of the study, which should be aligned to the aim of the study and should support the final conclusion of the study.

**Conclusions:** Conclusions based on the results.

Recommendations if any.

**Keywords:** 4-5 keywords of relevance to the study.

IGNITE THE  
**SPARK!** 

Submission date:

**31 October 2016**
